

LA CROSSE RUSSIAN SEES BOLSHEVISM'S END IN TWO YEARS

H. Cohen, Scholar, University Teacher, Says Red Teachings Against Nature's Law

ARMY DESERTIONS HELD BREAKING UP OF RADICALS

Utopian Dream Impossible; Trades on Russ Ignorance

"THE END of bolshevism in Russia will come in two or three years. The pendulum that swung to one extreme when Russia was governed by the czar is now at the other extreme through bolshevism but bolshevism will not endure."

Thus spoke H. Cohen, as he sat in his little shop in Third street, opposite the court house square, and busied himself repairing a wind-up and battered umbrella. The shop is obscure, its interior is plain, and the little man seated on a low chair in a corner would scarcely attract more than a passing glance, so little is there in his appearance to hold attention.

Student of Social Questions
Mr. Cohen is a deep student of economic questions, well-versed in the ways of social movement, an authority on Biblical history, ancient Egyptian, Sanskrit and the old Semitic languages. For years he was a professor in the University of St.

Petersburg, became a political exile, came to America and, wandering out to Iowa, was engaged as a teacher of Semitic and dead languages at a local college. Some years ago, he came to La Crosse. Shortly after his arrival he began tutoring in languages, having in his classes many ministers, theological students or students preparing for a theological course.

"Two or three years will see the end of bolshevism," said Mr. Cohen, yesterday in commenting on the reported disintegration of the armies of Trotsky and Lenin, of the desertions of troops who no longer care to battle under the standards of the reds. "Bolshevism has proved itself a failure. It trades on the ignorance and it is a government that tries to operate contrary to the laws of nature. 'Nature rewards the man who has strength of body and mind. To him come the fruits of labor. The bible says that much. It is not natural for the strong to continually labor and divide the fruits of their labor with the weak, the incompetent, with those unable to bear their share of the burden. A man will share his gains with his family, with his relatives, yes; but when he is asked to share the fruits of his labor with strangers, that is different, he doesn't want to and won't do it. Bolshevism says that all shall share alike. That is contrary to the laws of nature."

On the other hand the government of the United States says that all men are born equal. In this country every man has an equal chance to gain wealth, a comfortable living and the luxuries of life if he works for it. This government does not say you shall share your property, the rewards of your work with everybody else, whether they are capable of winning the same gains or not. Therefore it is the best government so far devised by man. "Ninety-five per cent of the Rus-

sians cannot read nor write. Trotsky and Lenin have promised to make noblemen of them. They were to leap from section to landholders. Realizing that this can never be, they are becoming dissatisfied and are now deserting the armies of the red leaders. The same situation existed after Napoleon in France. It will take a generation to mend and adjust the mischief wrought by bolshevism in Russia."

Bolshevism Called Utopian
"Plato in his book 'The Republic' says: 'The High is good.' Bolshevism in Russia is not high, therefore it is not good for the people. All philosophers have been trying to find the best way to govern the people but Trotsky and Lenin are not doing it right. They are trying hard enough but their theory is utopian; it will never succeed in practice and is merely a delusion because it is not built on facts."

"I received a letter a short time ago from a friend in the east who was in Russia at the time Emma

Goldman and Alexander Berkman arrived after their deportation from America. This friend visited Emma Goldman a week after her arrival. As he entered the room he saw an American flag on the wall. Emma Goldman had brought it with her from America and had pinned it on the wall. After a week in Red Russia she wanted to go back to America. She said that Russia was not the country she had preached that it was. She realized that America was the best governed country after all and she pointed to the American flag and said: 'That is my flag.'

"Only the other day I met a fellow down on Third street. He knows I am from Russia. He commenced to growl about the government. He said they were taking the liberties of the people from them; they couldn't get back any more. I told him to go to the old country where he couldn't get anything to eat and would have all the liberty he wanted—liberty to die in the streets."

And Mr. Cohen resumed his inces-

sant telling over torn umbrella coverings, twisted umbrella ribs and broken handles.

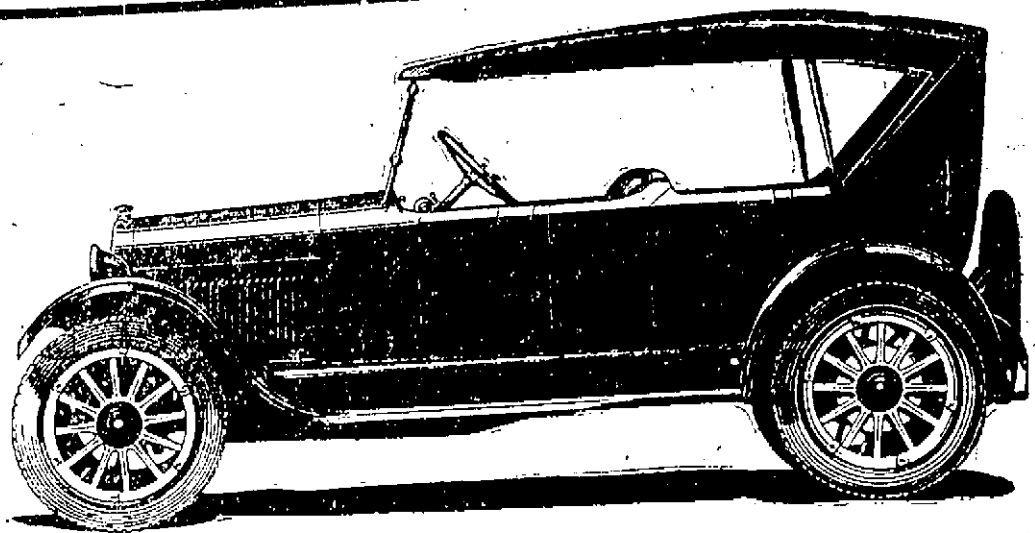

Grapeshot and Canister
Grapeshot was a bunch of pellets about the size of grapes, held together in a canvas bag, or by an iron pin and a series of iron plates containing holes in which the shot rested. Canister consisted of a number of cast iron balls, a half to one inch in diameter,

which were contained in one shell. Both were used in the Civil war.—Merrill Herald.

Worms Hook For Themselves
A child, of Bath, Me., swallowed several dress hook eyes and was carried to the Stockbridge hospital for treatment. When the articles were recovered it was found that the eye of each was completely threaded by a worm from five to seven inches in

length. The medical fraternity is more or less acquainted with the worm. They inhabit the intestinal canal and have a singular tendency of searching for a perforation in the intestines or a place where they may make one in order to effect their escape.

Jacob Whiteman Bailey, a graduate of the United States military academy of the class of 1892, is regarded as the pioneer of microscopic investigation.

and

OAKDALE WILTON RUGS.

In sizes ranging from 22½x36 inches to 11¼x15 ft. All of the above grades can also be had in special sizes. Let us solve your floor covering problems.

New Fancy Goods

Pay us a visit tomorrow.

Add that finishing touch to your Easter outfit.

READ CHAINS in the wanted ideas, particularly red or cherry.

PURSES, plain or carved leather, or small metal, only the best can be had in this line here.

And the line shows more novel ideas than we have ever had at any one time.

We are now showing a complete line of Suits, Dresses, Coats, Wraps, Blouses and Skirts, at prices that will really surprise you, considering the quality, style and workmanship of the garments. An early visit is advisable.

Suits reflecting the freshness and beauty of Spring in their style and splendid tailoring. Style and comfort were of chief consideration in the designing of these suits of tricotine, serge and poirer twill, some tailored and some with embroidery, in all the new styles at prices that will suit any purse.

BLOUSES of Distinction

—As an intimate, and the most feminine part of a spring suit, a blouse must be soft and becoming and delightfully new. Embroidery and beads are a great part of the new blouses. Colors to match the suit or beautiful contrasting colors combined with suit colors, also in flesh and white.

Priced at from \$5.75 up.

Hand made Waists of batiste and French voiles, lace and tucked trimmings.

Priced \$5.00 up to \$17.50.

The Millinery Section

We absolutely know we have a superior showing of Hats, and we want you to know it—and you will know it after shopping around and comparing. If there is a new style, or color, or trim, or shape, we do not show now, it will be here tomorrow.

Hats for Children

And don't forget the children—they want new Hats, and they also want Barron quality.

A marvel fit pure silk Union Suit, Italian silk, elegant quality. Built to fit—shoulder straps will not slip off the shoulders; narrowed in the back to throw the fullness to the front. Price \$6.50.

Get the right foundation for your Easter outer garments.

THREE BIG CIVIC PROJECTS UNDER WAY IN M'GREGOR

Main Street to be "White Way";
-Grade Iowa Pike; Building
Community Home

M'GREGOR, Iowa.—McGregor's mile long Main street which is the last lap of the North Iowa Pike soon will be a "White Way." Crows have been at work for several weeks removing electric light and telephone wires from Main street in a side street. The street will be bereft of its present many unsightly poles and have in place up and down either side of it globe lights on steel posts.

This is but one of many improvements which indicate the town is experiencing an era of prosperity. The North Iowa Pike is to be built to grade this summer from the city limits to Elkader and Monona. Contracts for grading and culvert building were let recently at Elkader, some 200 road and culvert men from all over the state being present to bid for the work. Just as soon as the frost is out of the ground work will begin.

The Community Welfare association composed of 150 women will dedicate its first new Community Home about the first week in April. The home will have a large hall for public and club meetings, entertainments and dancing, a well-equipped kitchen, woman's rest room and a bluff summer garden.

JUMPS TO HIS DEATH

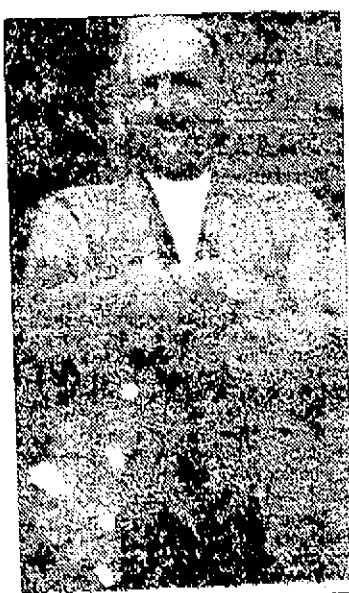

NEW YORK.—Madness crowds and shoppers along Broadway Saturday saw a man jump to his death from a fourth floor window of the Hotel Normandie. Although definite identification of the body was not established, the man registered at the hotel as James Edwards, Camden, N. J.

Police, however, found data among his effects bearing the name of Ralph W. Smith, Lynn, Mass.

Veronal leads the United States in the production of marble.

BIG DOINGS PLANNED BY AMERICAN LEGION AT APRIL MEETING

Entertainment Detail Working on Plans for a Big Time at Regular Meeting April 1

The next regular meeting of the local post of the American Legion will be held at the Chamber of Commerce rooms on Friday night, April 1, according to an announcement of officials Saturday.

While no announcement as to just what the line of entertainment will be, has been made, every buddy present is assured of a real live time by

the detail in charge of the arrangements. Every man is requested to bring his sister or his best girl to join in the fun. Those who attended the last meeting will remember the good time and with the whole post out for this get-together on April 1, buddy will be assured of a real live time.

The jazz orchestra, which took so prominent a part in the entertainment at the previous meeting, will be detailed to furnish the music again. The K. P.'s (Knights of Pythias) have already been picked for the affair, so come out boys without fear of getting on.

Girls, if your brother or friend is an ex-service man, tell him that you want to go to the Legion doings on the night of April 1.

If you missed the last one, don't miss this one.

CAPT. DAN WEBSTER AN OLD SOLDIER AND JUDGE, PASSES AWAY

One of Last Surviving Officers of First Wis. Battery, Dies in Oregon

Word was received by W. J. Davidson Saturday of the death in Salem, Ore., last Sunday of Captain Daniel Webster, old soldier and county judge in La Crosse about 30 years ago. Mr. Webster was 87 years old and had been ill only a week.

The funeral was held last Tuesday. Mr. Webster was active as an Elk and Knight of Pythias and members of these lodges were pallbearers. For more than 12 years Mr. Webster was justice of the peace for the Salem district, and was a former commander of the Oregon G. A. R.

He was senior first lieutenant in the First Wisconsin Independent bat-

tery, organized in La Crosse in 1861 and which served with distinction until the end of the civil war.

MESDAMES PENNELL AND CLARK GIVE LARGE CARD PARTY

Mrs. E. E. Harrington Unexpected Hostess to Fifteen Guests in Honor of Birthday

VIREQUA, Wis.—(Special.)—Mrs. George Pennell and Mrs. Charles Clark delightedly entertained at the home of the former, having twenty-five guests. Six tables of "five hundred" were played. The favors for the two highest scores were awarded to Mrs. Virgil Grubb and Mrs. Jason Simpson. Mrs. Clinton Nuzum had as her guests on Saturday afternoon the members of the Saturday Club at Jackson. Mrs. S. J. Sauer entertained the Junior Bridge club at ten on Friday evening by auction bridge. Mrs. A. E. Smith entertained the Junior Bridge club at her home on Wednesday evening. Three tables were played. The favors for high scores were awarded to Miss Mary Grubb and Mrs. John Bann. A color scheme in green was tastefully carried out in the table decorations in observance of St. Patrick's day. Mrs. E. E. Harrington was unexpectedly called upon to act as hostess on Wednesday afternoon to a party of fifteen ladies who gathered at her home in observance of her birthday anniversary. Luncheon was served by the guests. In the evening Mrs. Harrington entertained the ladies at the Star theater. Mrs. Jordan had as guests on Friday afternoon the members of a division of the Methodist Aid society. The Bethel Aid society will be entertained on Thursday afternoon of next week at the home of Mrs. Ole Christianson. The junior class of the Virequa High school gave a carnival at the high school on Friday evening of last week. The receipts amounted to over one hundred dollars. The local Troop D basketball team defeated the Westby team in a game played at the Virequa Opera house on Saturday evening. Miss Benetta Olson is spending a few days with Miss Florence Hall, who is attending college at Milwaukee. Mr. and Mrs. Leland Nuzum are visiting relatives at Janesville, Wis. Mr. Jens Vissel spent a portion of the week with Mr. Henry Johnson at Prairie du Chien. Mrs. Thomas N. Deaver spent a portion of the past week with friends at Cassion. Mrs. Salome Miller has returned home from a several weeks' visit with her daughter, Mrs. Arthur Nichols of Deloit. Mrs. Nichols accompanied her mother home. Mrs. H. J. Procter has returned home from Zumbrota, Minn., where she spent the winter with her daughter, Mrs. G. Portney. Mrs. Ira Casperson and daughter, Betty Lou, of Viola, are guests at the home of Mr. and Mrs. G. B. Fisher. Mrs. E. M. Nye pleasantly entertained a company of eight ladies at luncheon on Wednesday afternoon in honor of Mrs. C. H. Nye of Viola. A large crowd attended the Royal Neighbors basket social and dance held at the Woodman hall on Wednesday evening. Mrs. A. E. Smith entertained a small party of friends at auction bridge Thursday evening in honor of Mrs. Ira H. Casperson of Viola. Beginning on Sunday morning a fifteen days' revival meeting will be held at the Christian church, Evangelist Arthur J. Smith will have charge of the singing. The local pastor, J. Harry Bullock, will preach. The Congregational Aid society was entertained on Thursday afternoon in the church parlors by Mrs. George Fawcett's division. Members of Mrs. J. Ole Anderson's Sunday school class served a chit-concaine supper at the Methodist church on Wednesday evening which was well attended. At the Methodist church Passion weeks will be observed with evangelistic meetings. Mrs. John E. Stoll entertained a division of the Methodist Episcopal Aid society at her home on Friday afternoon of last week. On Wednesday afternoon Mrs. Otto E. Davis entertained a division of the M. E. Aid at luncheon.

Scents in Wood

With the woods of the world to choose from, one can easily arrange a whole scale of scents from the

sweetest and most delicate of perfumes at one extreme, to rank and overpowerful odors at the other, says the American Forestry Magazine. The stores of the perfumer's shop will not yield a greater variety than one can find in woods.—Merrill Herald.

The Origin of Porcelain Money The adoption of porcelain money by Germany is not entirely unique. The origin of porcelain money was among the gamblers of Siam. It was developed from the use of porcelain disks used as "counters" in gambling games. These were found so serviceable as representations of values that their use was gradually extended to a point where they took the place of small money. For this purpose porcelain coins would seem to be far superior to the old-fashioned "shill-plasters" once used for subsidiary money in the United States. Whether any other nation will imitate Ger-

many in her adoption of the porcelain system of coinage remains to be seen.

Your friends use it—you don't know it.

Mrs. F. W. Wise Tells How Cuticura Healed Pimples On Head

"My head was full of pimples and they were even down on my forehead. They itched and burned and I scratched them and large scales formed. My head would at times itch till I could not sleep at night, and my hair became lifeless and broke off. I tried several remedies without success. I decided to try a free sample of Cuticura Soap and Ointment, and later bought more. When I had used them about six months I was entirely healed." (Signed) Mrs. Floyd W. Wise, R. 1, Shepherd, Ohio. Cuticura Soap daily and Cuticura Ointment occasionally, prevent pimples or other eruptions. They are a pleasure to use as is also Cuticura Talcum, a fascinating fragrance for perfuming the skin. Sample Each Free by Mail. Address: Cuticura Laboratories, Dept. W, Malden 44, Mass. Sold everywhere. Send for Cuticura Ointment and Talcum free. Cuticura Soap shaves without razor.

Lay Them Right Over the Old Shingles

WHEN your shingle roof must be replaced you need no longer suffer the houseful of dust and dirt, litter, annoyance and expense of ripping off the old shingles. Leave them where they are and lay Johns-Manville Asbestos Shingles right on top of them. Then you'll have a roof that is fireproof and everlasting; you'll get the benefit of the splendid roof insulation afforded by the old shingles and, most important of all, you will have re-roofed for the last time.

RE-ROOF FOR THE LAST TIME WITH
JOHNS-MANVILLE ASBESTOS SHINGLES

Lay Johns-Manville Asbestos Shingles right over the old wooden shingles and you eliminate roofing troubles and expense for all time because Johns-Manville Asbestos Shingles will last as long as your building stands. They're all mineral—nothing in them to rot or burn; they will not warp, curl or split; they never need paint; they're easy to lay and they are most attractive in appearance.

Does your roof need replacement? If so, it will pay you to get full information about this method of re-roofing with Johns-Manville Asbestos Shingles. See us at once. We can do the work for you quickly, easily and economically.

Write, call or telephone today for full particulars, estimate, etc.

PRESIDENT STANDS PAT UPON PANAMA-COSTA RICA DISPUTE

Tells Head of Republic that Chief Justice White's Decision Must Stand

WASHINGTON.—The decision of Chief Justice White in the Panama-Costa Rica boundary dispute "must be the unalterable position" of the United States government, President declared today in reply to a personal appeal from President Porras of Panama.

Although he expressed regret that Panama should feel wounded by the White decision, described in Senator Porras' message as "painful and humiliating," Mr. Harding declined to consider any other basis of settlement and asserted that the recent state department not insisting on enforcement of the decision had his party's approval.

The exchange between the two executives, made public yesterday, took place at the White house, in the nature of an informal discussion while the president was waiting for the Panama state department to receive the Costa Rica reply to its note. Costa Rica already has accepted the White award, and some delicate answer from Panama is expected within a few days.

In making his appeal, President Porras recalled the expressions of friendship for Panama given by Mr. Harding last November, during his visit there, and a president-elect, and voiced a hope that the Panamanian people might not be misled by the "unfriendly" attitude of the United States at Washington. President Harding replied by renewed avowals of cordiality, but added that the exercise of friendly relations always must be tempered by justice.

The message from the Panamanian president was received late yesterday and before replying, Mr. Harding held a long conference today with Secretary Hughes of the state department. It is understood that they not only went into detail the latest information regarding the situation between the two Central American republics, but also discussed the various positions involved in a final determined insistence on the position taken by this government.

ASKS BIG DAMAGE FOR BANK CLOSING

Former Cashier of Kimball Bank Claims State Officers Forced Loss

MINNEAPOLIS, Minn.—Suit for \$200,000 damages against E. D. Pearson, state bank examiner, and fourteen other defendants, was filed today in Hennepin county district court by J. M. Arrowood, former cashier of the Kimball State Bank at Kimball, Minn.

Mr. Arrowood alleges that he was forced to dispose of bank stock worth \$200 a share at \$80 a share because of alleged manipulations of the defendants.

An answer on the part of Mr. Pearson has been served in the case by the state attorney general, denying generally all charges made by Mr. Arrowood.

THE WEEK

(Continued from page one)

Legal proceedings of matrimony, it might be said, but how could these bachelors support so many families?

The chemical division of the United States army reports the discovery of a poison spray which, delivered from airplanes, could destroy every breath of life over a whole province as a shower bugs the dust. Are we going to build warships, or go into the world peace business?

Cases against the White Sox players for baseball frauds will be dropped for lack of evidence. Here is a "K. O." for baseball. Public confidence is of the first importance, and unimpaired trust within the organization will kill the game.

Obituary

FRANK J. MUNZ—Frank J. Munz, for many years a resident of La Crosse, passed away at a local hospital at seven o'clock Friday evening. Mr. Munz had an attack of high blood pressure about a year and a half ago, but had regained his health enough to go to his work on Tuesday afternoon. While at his work he was stricken with apoplexy and was unconscious up to the time of his death.

Mr. Munz came to La Crosse in the year 1881 and has been a resident of the city ever since. He was a man of noble character and a faithful employee. His first work was at the John Paul sawmill, and the last with the Gerke-Columbian Manufacturing company. He was born in Burlington, Wis., October 2, 1856, and moved to Highland, Wis., with his parents and spent most of his young life there. He came to La Crosse in 1881 and was married here in 1882 to Agnes Steger. He was the father of the late O. J. Munz.

He is survived by his widow and two daughters, Mrs. Sirlinger and Mrs. H. Bender, of this city, and four brothers and one sister residing in the southern part of the state.

The funeral will be held Tuesday morning at 9:30 from the residence, 509 South Sixteenth street, and at 10 o'clock from St. Joseph's Cathedral. Burial will be in the Catholic cemetery.

He was a member of the Knights of Columbus, Catholic Order of Foresters and St. Joseph's Ladies' Guild.

WELL DRESSED WOMAN KILLED—CHICAGO.—The body of a well dressed woman with a bullet hole through her head was found Saturday morning in a clump of trees by a boy scout at Willow Springs, a suburb. Police believe that the woman had been slain about two days ago and the body carried to the place where it was found from some distant point.

CARD OF THANKS—We wish to thank the many friends and neighbors for their kindness and sympathy shown us during our late bereavement, and the death of our beloved husband and father, Rev. J. L. Panzhu, the pallbearers and all who sent floral offerings.

MRS. R. JUNGELUTH AND DAUGHTERS.

WINNEBAGOES SPURN NEBRASKA LAND FOR WISCONSIN FARMS

Lure of Old Stamping Grounds Can't be Overcome; Tribe However is Dwindling

TOMAH, Wis.—The fact that there are but 1,180 Winnebago Indians listed in Wisconsin as compared with the more prosperous days of the tribe, is a matter of interesting history. In 1834, at the treaty payment, there assembled at Portage and Prairie du Chien 4,000 Winnebago men, women and children. Four years earlier the Portage division alone numbered between four and five thousand.

The smallpox scourge broke out in the tribe in 1834 killing nearly half the tribe. So fatal was the disease to all who had it, that for almost the first time the "medicine men" abandoned completely their futile attempts to stay its ravages. As a result of these conditions, the pest swept through the villages of the tribe, the survivors fleeing before it, leaving their dead unburied—an unheard-of custom.

Sent to Nebraska

In 1837, delegates from the Winnebagoes visited Washington and made a treaty whereby all lands of the tribe east of the Mississippi river were ceded to the United States. As a result, an attempt was made three years later to remove the tribe to the Turkey River, Iowa. After being removed at different times, to Iowa, Minnesota and Dakota, they were finally located on one hundred twenty-eight thousand acres of the northern portion of the Omaha reservation in eastern Nebraska. The date of this important event was 1866 and the land granted the tribe contained some of the very best timber in the United States.

It appeared to all interested in the Winnebagoes that the tribe had left Wisconsin forever. But the tenacious habits of the Indians were not so easily broken, and struggles from Nebraska began to appear in Monroe, Janesville and Adams counties. About 200 returned to Monroe county and settled at Waterville, eight miles north of Fennell. They had for many years owned a considerable tract of land at Waterville, which was at this time divided into 10-acre farms. The head of each family was given a farm, and after this becoming bad owners could not according to law be ever again removed from Wisconsin. Most of the men and squaws farm a little, corn being their chief crop. They are greatly interested in up-to-date agricultural methods, and never miss a Farmers' Institute. Their progress is little since the World War, when they began commercializing their ceremonial and religious dances to raise money for the American Red Cross.

40 Decimals in One Company

The younger generation of Winnebagoes is rapidly becoming civilized. The Decoral family alone sent forty young braves to France with a single military unit—Company D, of Meadston. The only effect of the war can then hardly be estimated.

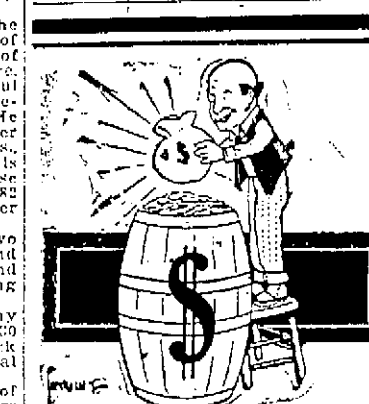

The Winnebagoes as a tribe have done well. Their 1883-84 census which has been capitalized and placed in the U. S. treasury as a trust fund, Congress annually appropriates 5 per cent on the principal or \$44,162.47. Eventually the Wisconsin land will receive its share of the principal after it has been capitalized and segregated from that of the Nebraska land.

NOTICE TO PROPERTY OWNERS AND BUILDERS

Your attention is called to the provision of Ordinance 639 of the city of La Crosse which prohibits the use of woodshingles on all buildings within the city of La Crosse and prescribes the kind of roofing to be used. No existing wood shingle roof is damaged more than 10 per cent shall be repaired with other than the approved roofing specified in the ordinance and the renewal of an existing wooden shingle roof is forbidden although slight or small repairs may be made therein. All persons intending to do shingling as owners or as contractors are advised to procure a copy of the ordinance from the city clerk for guidance. Failure to comply with the provisions of the ordinance relating to shingling will subject the violator to punishment as provided in Ordinance No. 12 of the city of La Crosse.

F. C. McCLACHLIN, Fire Marshall.

Katherine MacFarland has returned from a trip to Milwaukee and will hold services Sunday as usual.

NEW REVOLUTION STARTS IN MEXICO UP IN MOUNTAINS

Luis Cabrera Has Ambition to be President of the Southern Country

EL PASO, Tex.—Press dispatches from Luis Nolasco, a newspaper printer in Mexico City today, tell of the formation of a revolution in Mexico headed by Luis Cabrera, "the man with the brains behind Carranza's government," and his brother, Alfonso Cabrera, and Ignacio Bonillas, former representative of Mexico to the United States.

The dispatch said the brothers had put up \$8,000,000 pesos to finance the movement, which was started in the mountains of Puebla, principally among the Indians. General Calles, also is mentioned in the dispatches as helping to provide the money for the money for the plot. It is reported that the rebels hoped to make Luis Cabrera president.

LA FOLLETTE BASES HIS OPPOSITION TO ESCH ON RAIL LAW

Senator and foreign commerce of appropriations.

Edward Voight of Sheboygan—agriculture.

Dr. Paul S. Hainisch of Wisconsin was a guest at a luncheon this week given by L. S. Rowe, director general of the Pan-American union in honor of the Chinese minister to the United States.

Dr. Hainisch was also a guest of Mr. and Mrs. Thomas Logan at a dinner held by a theater party. Among the other guests were General Peyton C. March, chief of staff, Charles R. Kilday, and Colonel Kilday who is aide to the president, and Representative Bascom Slem of Virginia.

Mrs. Lenroot Hostess

Mrs. Irvine L. Lenroot, as president of the Congressional Club, acted as hostess at a musicale given by the club this week at Miss Caroline Currier, soprano, Miss Gertrude Terrell, pianist, and Mrs. J. M. Wilson, accompanist, appeared. Tea was served following the program.

Mrs. Lenroot were becoming gown of white velvet, made with a double belt, and a feather hat in natural tones with a touch of blue.

Opposes Treaty

Senator Lenroot vigorously opposed ratification of the Columbia treaty in an address before the City Club of Washington on Wednesday. Payment of \$20,000,000 to Columbia as provided for in ratification of the Treaty, said, would constitute an admission of the Panama canal.

"Ratification of this treaty, as requested by President Harding, would give a plot on the nation's honor," the Senator declared. "In March 1917, Senators Lodge, Brandegee, Cushman, and Smith in a minority report, opposed the payment of this money to Columbia. The report used the following language:

"This treaty is, in effect, not only a plea of guilt to the charge made against us by Columbia, but an agreement that, in addition to the payment of \$20,000,000, the price for which the government of Columbia and agreed to convey to us the right of way for the Panama canal, we shall also pay \$15,000,000 to Columbia as exemplary damages."

"No other construction can or will be placed by the world upon our action, and we avoid this conclusion by declaring to the world that we are paying this vast sum, two and a half times greater than we paid Panama for our right of way, to establish credit relations with a blackmail demand."

"I can conceive of no charge in controversy that would warrant our being guilty to an international crime we never committed. If there is any such charge, the country is entitled to know the facts."

War Veterans Make Good Students

In a report made by the dean of the Wisconsin University, special mention is made of the excellent progress made by the 234 disabled soldiers who are known as Federal Board students. Owing to their physical condition it was anticipated that they might prove indifferent students, but such has not been the case. In this instance it is said that their progress compared very favorably in every way with that of the regular students. The total number of these students has been increasing.

The Missing Fig Leaf

Adam found Eve in tears one day. "What's the trouble?" he asked sympathetically.

"I do have the worst luck," mourned Eve. "While I was in bathing a caterpillar came and just ruined my new fall wardrobe!"—American Legion Weekly.

Mrs. Harry Turner is visiting her sister, Mrs. Raymond Lightfoot in Milwaukee.

GERMANY'S DEBT NOT AS MUCH AS THAT OF ITALY

Italian Minister of Foreign Affairs Makes Comparison in Chamber of Deputies

ROME.—(By the Associated Press).—Germany's offer at the recent reparations conference in London to pay 20,000,000,000 gold marks in thirty years, Count Storza, the minister of foreign affairs, told the chamber of deputies today in the course of debate on the London conference did not amount to as much as Italy would have to pay the allies in the next forty-two years on account of war loans.

Count Storza said that he and Signor Medor Meda minister of the fifty percent tax on German exports but that the Germans themselves had suggested the idea at Brussels.

EXPLOSION WRECKS ARMOUR ELEVATOR FIRE FINISHES IT

One Man Dead, Four Injured and Four Missing in Chicago Catastrophe

CHICAGO.—An explosion, which was felt over most of the south side of the city, destroyed the Armour grain elevator on the Calumet river early tonight. Fire followed the explosion. The night watchman who was seriously injured, said that seven persons might be trapped in the ruins.

Two hours after the explosion the police reported that a careful survey showed that one man was dead, four were injured and four missing. All of the victims were workmen employed at the elevator.

DENBY ON INSPECTION TRIP

WASHINGTON.—Secretary of the Navy Denby left tonight for Key West, Fla., where he will board a destroyer for a visit of inspection to the Atlantic fleet at Guantanamo Bay. Later he will go to Haiti and the Dominican republic for inspection of marines and upon his return here about April 6, will go to the Great Lakes training station.

Sees an Ice Age

A succession of such eruptions as that of the Mount Katmai volcano eruption in Alaska in June, 1912, would plunge the earth into another ice age by reducing the sun's temperature to a low degree on earth. Dr. Robert M. Griggs said before the American Association for the Advancement of Science at a general session in an address one night. Dr. Griggs headed the National Geographic Society's expedition to Mount Katmai.

Backward Pupils

You are anxious to give your child every advantage at school, but how about his eyes? Perhaps he is going to be handicapped for lack of glasses.

No boy can do well in school who cannot see distinctly. A case of that kind came under my observation last year.

Teacher said he was stupid and dull—he did not do well at his lessons. I examined his eyes and found he couldn't see the writing on the blackboard. Glasses changed everything—soon he was leading his class.

Most backward children have poor eyesight. How about your child?

THE POLITICAL FORUM

To the People of La Crosse:

It seems no more than right that I should have something to say to my fellow-citizens regarding my candidacy for the office of mayor, and so on the eve of the primary I beg to submit a few simple facts for your consideration.

To begin with I wish to say that, having consented to offer my services, I of course earnestly desire to be elected, but it is only as a free-will choice of my fellow-citizens that I should value such an honor. I have not the slightest wish to force myself upon the people of La Crosse, and I shall neither indulge in abuse nor play any political game in order to be elected.

Therefore my only effort in this campaign will be to set forth in simple language some of the things I would attempt to do were I elected mayor. If after studying my plans you choose me I shall, of course, be grateful, but the welfare of this community, I shall have no quarrel with the verdict. I enter this campaign with good will to all, and no matter what the outcome, I shall leave it with friendship and good wishes for everybody, accepting the outcome in a spirit of neighborliness and good will.

TREADWAY IS FOUND GUILTY OF MURDER

Defendant Claimed Marion A. Elliott Was Responsible for Killing of Pierce

PHILADELPHIA, Pa.—Peter D. Treadway was found guilty of murder in the second degree by a jury today in connection with the robbing and killing of Henry T. Pierce, a manufacturer's sales agent last November.

Counsel for Treadway said he would not ask for a new trial nor appeal the case, as he considered the defendant received a fair trial. Treadway will be sentenced on Monday. The maximum penalty for second degree murder in Pennsylvania is 20 years. Treadway was charged with first degree murder and took the stand in his own defense. During which he testified that Marion A. Elliott, who has not yet been arrested, was solely responsible for the killing of Pierce.

Pierce was killed in his office on a Saturday night in November last. His body was found on the following Monday morning. The principal clue to the slayers was his red automobile which was missing but later located in a garage in Warrington, W. Va., a few days after the body was found.

Treadway, Susan Marie Rogers and Joseph A. Moss made statements, his police said, that they went to Pierce's office on his invitation to have a drink, and that Elliott appeared on the scene and began beating Pierce.

The trials of Moss and the Rogers girl have been set for April. It was said they may not be tried because of their assistance to the prosecution.

LESS MEAT EATEN LAST YEAR THAN DURING EIGHTEEN

Beef Consumption Steadily Falling in United States, Report Shows

WASHINGTON.—The American people ate ten pounds less meat per capita last year than during 1918, but eleven pounds more than during the first war year, according to figures made public Saturday by the department of agriculture. The consumption of meat and lard combined, last year, was 154.3 pounds per capita. Less meat was produced, less exported, and less consumed in the United States in 1920 than in either of the two preceding years, the announcement stated. Beef consumption has fallen from 78 pounds in years ago to not quite 56 1/2 pounds per head of population last year. Veal was said to be gaining steadily in favor and calves marketed last year more than doubled that of six years previous.

Sage Tea and Sulphur Darkens So Naturally That Nobody Can Tell

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

HER LAST PICTURE

How a pretty peasant girl wins and loses a young nobleman, loses him and then retrieves his love is delightfully portrayed by Olive Thomas in her third Selznick picture, "The Glorious Lady."

The plot has for its pivotal thread a "point to point" race, the ancient classic of the English turf, when rich and poor, high and low, come together and mingle indiscriminately. For the occasion all class distinction is wiped away as nobility and peasantry rub elbows in an effort to carry off the racing honors of the day.

It is here that Olive Thomas, as a pretty girl of the middle class, meets and attracts a high nobleman, the Duke of Loame, owner of the estate upon which she lives, and from the beginning the duke's eyes are open to the charms of the daughter of his tenant. Soon he recognizes his love for her, but obstacles to their marriage have mounted so high and the class separating their social stations is so deep as to all but preclude the possibility of their marriage.

Finally these obstacles are made to fall before the ardor of the lovers, despite the barrier of blood, the customs of the day and sharp villainy. "The Glorious Lady" can be seen at the Rivoli theatre today. This photoplay is the last one Olive Thomas made.

BIG PICTURE AND MUSIC

BILL AT RIVIERA TODAY

A big program of music and pictures has been arranged by Manager A. J. Cooper at the Riviera theatre for today's offering. The Metro special, "Hearts are Trumps," played by an all-star cast, heads the bill. A comedy, "Love and Gasoline," a thrilling

two-reel railroad adventure picture, "The Ghost of the Canyon," starring Helen Gibson, round out the screen offerings. Chester Wright, conductor of the Riviera orchestra, has provided an attractive musical setting for the pictures while between pictures special musical numbers will be given by members of the orchestra. Max Streck and George Muehle will play a trombone and cornet duet, the "Barcarolle," from "Tales of Hoffman," and Ardell and Glenn Dodge, who scored a big hit last Sunday with their xylophone duet, will endeavor to repeat their success today with another duet. Priscilla Billington en-

acts one of the leading roles in "Hearts are Trumps." Miss Billington will have the role of Lady Whitford, a distinguished English woman. Priscilla Billington has appeared in a number of notable productions during the past year, among which were "Blind Husbands," "The Day She Died," and "The Great Air Robbery." "Hearts are Trumps" is an all-star production with Priscilla Billington, Alice Terry, Norman Kennedy, Frank Brownlee, Winter Hall, Joseph Kilgour, Edward Connelly and Thomas Jefferson heading the cast. "Hearts are Trumps" is the story of a Scotchman who is forced to leave his na-

tive land. He goes to the United States, where he accumulates a fortune and regains the family estate in Scotland. One of the thrilling episodes takes place in the Alps, where the little heroine is threatened by a death trap set for her by the villain.

JOYFUL PLAY TODAY

"Hoop-La" was the joy and the despair of the circus managers. Lively, mischievous and brimful of joy of living, she led the ringmaster a life of vexation. The circus folk loved her and Old Toddlie, the clown who was her guardian, worshipped the cut who she walked on. Who her parents were or what their station in life had been, "Hoop-La" didn't know. Toddlie knew it he kept it to himself. And then—but to tell you more would spoil the story. But we can say this much: that you will find it a photo-play bubbling over with the mischievous, cracking stunts that they have long

LYONS AND MORAN IN "SHOCKING NIGHT"—STRAND

"A Shocking Night," a feature comedy starring Eddie Lyons and Lee Moran, the Universal fun-fingers, will play at the Strand Sunday, Monday and Tuesday and Riviera Wednesday. It is said that the production is funnier than "La La Land" and "Once a Thief" recent successes of the Universal stars. The story is a parlor, bedroom and kitchen farce raised to the nth power and gives the two famous screen comedians the opportunity of their career to put over some of the rib-munching that you will find it a photo-play bubbling over with the mischievous, cracking stunts that they have long

hoped to work into feature comedies. The story deals with a business-man who goes broke at the wrong moment. To keep up appearances in the eyes of the man who is going to stake him for a financial come-back, he and his wife act as servants in their own beautiful home while a pal of his and his fiancée, play the role of the host and hostess. The complications that result are riotously funny. After five weeks of trouble the story takes an unexpected turn and the climax is dramatically humorous. The serial, "The Lost City," and Fox News complete the Strand's Sunday program.

SUNDAY VAUDEVILLE

COMEDY AND TWO THRILLERS AT THE CASINO TODAY

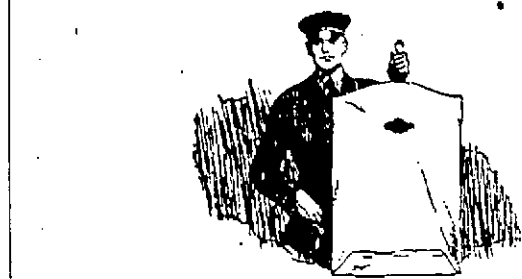

Back Jones and his cowpunchers who are at the Casino today in "Firebrand Trevison," a new Fox play, got into their native element when they went to the Verde Ranch near Victorville, Cal. In this story, they found John Grier, owner of the ranch, busy rounding up 6,500 head of cattle. "No work today," said Buck to his director, "I need the exercise, and so do these boys. We have not helped in a round-up for such a long time that the regular hand on a ranch will begin to think we are nothing but motion picture cowpunchers." With that he was off with "Shin" Paigett, Gene Kenney and a half dozen others. They rode ten miles into the mountains on this great ranch, which covers 35,000 acres, and they gave the owner much help in getting his cattle together. The first day they were out they brought in 100 head. Winifred Westover appears as leading woman in "Firebrand Trevison."

GOOD MUSIC AT MAJESTIC

The vaudeville program at the Majestic for today consists of two very good musical acts. The first one, Miss Virginia Hayden, is a splendid contralto singer with a pleasing personality who has an excellent repertoire of songs and to relieve the monotony a neat dance is also on her program. Kanarata Trio in music and singing. This musical trio has a splendid repertoire of singing and accordion playing.

Why Dry Cleaning Has Become A Necessity....

During war times, there was nowhere near enough wool, cotton and silk to go around. But the war has taught us that even in times of plenty, it really pays to have our clothing Dry Cleaned now and then, even if they do not actually need it so far as appearance goes. The minute particles of sand, soil and grit that accumulate in a garment from ordinary wear get down in between the fibres of the cloth. Each little piece acts like a tiny saw to saw or grind off the fibres, thus weakening the fabric and shortening the life of the garment. So, aside from the fact that it pays to keep clean and neatly dressed, Modern Dry Cleaning actually adds to the life of clothing.

Have your cleaning done in a Modern Plant, where Master Service is given.

SESSUE HAYAKAWA COMES

After being absent from the screen for some months Sessue Hayakawa returns to the Majestic next Monday in "His Birthright," the story of a Japanese boy who sought to erase the stain of his birth. The Japanese star does some convincing acting in his quiet, masterly way, a manner that is rarely among screen actors. In this feature he holds his audience in suspense to the final scene. The supporting cast is excellent, all being well cast in their respective roles.

AN ALL STAR CAST

"All-star cast" is perhaps the most misused and abused phrase that has been called into active service since the inception of the motion picture industry. But the use of this time-honored and well known expression was never better justified than in "Unseen Forces," Sidney Franklin's initial production for Associated First National and Mayflower Photoplay corporation, which will open an engagement of three days at the Rivoli Friday.

Miss Bremer, one of the most beautiful and talented young women of the silent screen, has the leading feature role. The other players include such well known persons as Rosemary Theby, Conrad Nagel, Robert Cahn, Sam De Grasse, Edward Martin, Harry Carrity, James O. Barrows, Aggie Herring, Andrew Arlue and Albert Cody. The production carries a powerful theme, and it is declared to be the greatest screen achievement yet given to the public by Mr. Franklin.

MAN KILLED IN JAIL LEAVES A LARGE SUM

STOCKTON, Calif.—Amos J. McOscar, who was found in a cell in the city jail here last night trampled to death by other prisoners has \$21,000 in a Fort Wayne, Ind., bank, according to his attorney. McOscar is said to have held responsible political positions in Washington, D. C.

Seems Queer, Sometimes

And Tinkins says a friend some times takes the liberty of telling you, so much about your faults you wonder how he manages to remain engaged of three days at the Rivoli Friday.

SPECIAL SERVICE ON GOOD FRIDAY PLANS ANNOUNCED

Program to be Given at First Congregational Church in the Afternoon

The Good Friday service of meditation so popular and so much appreciated the past three or four years, will be held this year also. The program will be given at the Congregational church Friday from 12 noon to 3 p. m. The several pastors of the Federation of Churches and also several laymen will take part in the meditations and prayers. Singers from the several churches will render special numbers appropriate to the day. Prof. Leon F. Deery will preside at the organ throughout the service. At the close of the second hour the communion service will be administered. A cordial invitation is extended to all to enjoy this solemn period of worship. It will not be necessary to remain for the entire period but let all feel perfectly free to come or go before or after any particular period. Reverent arrival or departure will not disturb the spirit of the service. Full detailed program as being prepared will be published later in the week.

COOPER CONTRACTS FOR ALL GOLDWYN PICTURES FOR YEAR

Manager of Riviera, Casino and Strand Theaters Promises Some Fine Shows

A. J. Cooper, formerly associated with the La Crosse Theaters company, in the operation of the Riviera, Casino and Strand Theaters, but who is now operating these theaters as an independent exhibitor, having bought out all the interests of the La Crosse Theaters company in the Cooper Amusement company, has just closed a contract with the Goldwyn Pictures corporation for the exclusive rights to show Goldwyn pictures in his three houses for the coming year.

Along with the Goldwyn pictures, which rank among the highest produced in the United States, Mr. Cooper will show exclusively in his three houses the pictures of the Universal, William Fox and the Metro company, all of whom are noted for their high-grade entertainments. In contracting for the Fox productions, Mr. Cooper gets the right to show the Fox News first in La Crosse. These news pictures lead the world in their thoroughness and quality. One of the notable "scoops" of the Fox News was the showing, ahead of all other competitors, of views of the inauguration of President Harding.

One of the biggest pictures of the year has been made by the Goldwyn corporation, that of "Madame X," starring Pauline Frederick. "Madame X"

as a stage play a few years ago, achieved a record for attendance throughout the country that has seldom been approached and never equaled. Another Goldwyn picture which will be shown in Mr. Cooper's theaters is "Prisoners of Love," starring Betty Compson, the young actress who won fame over night, as it were, with Thomas Meighan in "The Atlantic Man."

This season Goldwyn will produce pictures from scenarios written by Mary Roberts Rinehart and Rex Beach. Among the stars in the latest Goldwyn releases are Pauline Frederick, Tom Moore, Jack Pickford, Mabel Norman, Madge Kennedy and Betty Compson. "Since I have recaptured the picture field in La Crosse as an independent exhibitor," said Mr. Cooper, "I have been endeavoring to give picture patrons the utmost in entertainment at a minimum admission price. By contracting for all of the Goldwyn pictures I can assure this city motion picture fans that equal anything given in the larger cities."

Heat of Red Peppers Breaks Chest Colds

Ease your tight, aching chest. Stop the pain. Break up the congestion. Get a bad cold loosen up in just a short time.
"Red Pepper Rub" is the cold remedy that brings the quickest relief. It cannot hurt you and it certainly seems to end the tightness and drive the congestion and soreness right out. When heat penetrates right down into colds, congestion, aching muscles and sore, stiff joints, relief comes at once. Nothing has such concentrated, penetrating heat as red peppers. The moment you apply Red Pepper Rub for colds, headache, sore muscles, stiff neck, lumbago, or the pains of rheumatism or neuritis, you feel the tingling heat.
In three minutes the congested spot is warmed through and through. When you are suffering so you can hardly get about, just get a jar of Rowles Red Pepper Rub, made from red peppers, at any drug store. You will have the quickest relief known.

RADIO CLUB WILL MEET MONDAY NIGHT

The next regular meeting of the La Crosse Radio club will be held Monday at 7:30 p. m. in the Physics Laboratory of the high school.
The following snappy program will be presented:
Transformers, Mr. J. Jentzner; motors, Mr. R. G. Miller, Jr.; a radio reading, Mr. S. Berner; the power factor, Mr. W. C. Protzman.
The question of making several amendments to the constitution will be brought up and all of the members should be present to voice their opinions.
Everyone is invited to attend the program.

VOLCANO IN ERUPTION
HILLO, T. H.—The volcano of Kilauea is overflowing from the pit of Halemaumau. All of the trails in the old crater bottom have been destroyed.
Five flows are running north, south

and west, and a fountain of lava, the largest in the volcano's history, is spouting high, surrounded by hundreds of other fountains. The lava lake rose 80 feet in eight hours.
The main flow is running at the rate of forty miles an hour.
Police guards are holding hundreds of tourists and automobiles at a considerable distance from the scene because of the danger of a greater outburst.

RED AND BLACK TOSSERS IN TRAINING AT NORMAL GYM PREPARING FOR TOURNEY

With the district tournament out of the way, the La Crosse high school basketball squad is preparing for the state meet to be held at Madison on March 24, 25 and 26. They are experiencing daily workouts at the normal gym because of the larger floor, and it is expected that the other district representatives will have a real team to contest with.

Last year, the locals were eliminated from the championship honors in the opening game with Monroe, losing by a 25-24 score. They managed, however, to win the consolation game by defeating Eau Claire 17-10, but they got no further. This year the opening game will be played with Rhinelander, the torch-bearers for the Stevens Point district. Little is known of their actual strength, except that they were forced to fight hard to carry their district, edging out Waubesa, the next in line, by the narrow margin of 11-10.

Coach Meade is determined that nothing like that which happened last year will stand in the way of the team going down on Wednesday, as had been planned, the locals will not invade the capital city until Thursday noon, and after a short rest, will play in the university gym during the supper hour. A large delegation of rooters is expected to accompany the team down, riding the blinds, the tender or the cushions.

The team is in fine condition, no injuries are reported and according to Manager Evans, "we'll get some where if the fellows work."

BROOKLYN WOMEN WIN DOUBLE TITLE IN INDOOR TENNIS

Mrs. Mallory Emerges from Tournament With Honors in Singles Defeating Mrs. Cole

BOSTON, Mass.—Mrs. W. G. Wightman and Miss Marion Zinderstein, both of Brooklyn, won the women's national indoor tennis championship by defeating Mrs. Franklin T. Mallory and Mrs. L. G. Morris of New York, here today, 6-3, 7-5.

Mrs. Mallory won the indoor singles title, defeating Mrs. L. E. Cole, 6-0, 6-2.

Mallory and William Tilden won the national mixed doubles title in straight sets, but only after a stiff struggle with Mrs. G. W. Wightman and R. Morris William H. The scores were 6-2, 6-4.

RECORD JUMP MADE BEATS BADGER RECORD

CHICAGO.—D. V. Alberts of Illinois established a new conference record for the running high jump with a leap of six feet four and an eighth inches, beating the former record of six feet, one-half inch, made by Wahl of Wisconsin in 1914.

The record of 47 3-5 for the 40-yard high hurdles established by Carl Johnson of Michigan a year ago was tied by Knollin of Wisconsin, who won the events in a thrilling finish with Wallace of Illinois. The Wisconsin jumper cleared the hurdles in faultless fashion.

Schwitzer of Minnesota won the event from a field of 19 starters. He shot into the lead on the last lap after Patterson of Illinois had held the lead from the start, winning in 4:21 2-5.

The 440-yard run developed into a thrilling race between Butler of Michigan and Donohoe of Illinois, with Butler the victor by two yards.

The Michigan flyer took the pole at the get-away and was never in danger of defeat. He covered the distance in 51 4-5. Fields of Illinois nosed out Kayser of Wisconsin for third place by a burst of speed at the finish.

Simons of Michigan broke the tape a scant few inches ahead of his teammate.

RECORD PLANE IN TROUBLE

GRAND FORKS, N. D.—Carrying four passengers and bucking a troublesome wind most of the way, the Larsen 7-L 6, all metal monoplane, which left Dayton, O., at 6 o'clock this morning in an attempt to lower the flight record to this city, arrived here at 10 tonight after having to land at Minneapolis and wire ahead for landing lights.

ILLINOIS WINS WATER GAMES

CHICAGO, Ill.—The University of Illinois water basketball team won the Western conference championship Saturday defeating the University of Chicago, 6 to 2.

BANGOR BASEBALL CLUB TO ENTER LAX VALLEY LEAGUE

BANGOR, Wis.—Baseball promises to be in greater vogue than ever the coming season. Leagues have formed or are in process of formation in many of the neighboring cities and villages. Bangor will probably be in the La Crosse Valley league now being formed. This league will consist of six teams with the following members: Sparta, Black River Falls, West Salem, Melrose, Onalaska and Bangor.

Messrs. E. A. Merlo and Lee Smith were in Sparta last week in conference with a number of fans from neighboring towns at which the proposed league was talked of. It all seems well, the league will be organized and local fans will see some fast games this summer.

The old grounds in the new addition have been secured and with fifty new suits, league affiliation, money in the treasury, good new recruits and added interest, the team starts out under more favorable auspices than ever before. Over \$500.00 has been contributed by fans, which evidence, the fact that money in excess is not lacking to support the team.

THREE MEN SPLIT BIG REWARD FOR CAPTURING DALTON

BLOOMINGTON, Ill.—James Dennis, Paul Draper and Jack Draper will share in the \$25,000 reward offered by the Northern Trust company for the arrest of William Dalton, and the return of \$772,000 of bonds stolen by Dalton from that institution several weeks ago.

The division has been agreed upon whereby Jack Draper, who actually made the arrest, gets \$5,000; Paul Draper, his son, who got his father to make the arrest, and James W. Dennis, who gave the first information about the whereabouts of Dalton, will split \$21,000. The deal was made here and attorneys went to Chicago where the suit for an injunction to restrain the trust company from cashing a check given Paul Draper for the full \$25,000 was dismissed.

ST. PAUL MEN HIGH IN BOWLING EVENT AT BUFFALO

BUFFALO, N. Y.—Rolling in the American Bowling Congress tournament today was featured by a two-man score of 1,256 pins by J. Mitchell and W. Metcalf of St. Paul, Minn., which gave them third place.

J. Epping and H. Kerner of Pittsburgh, were second high for the day with 1,214 pins, with Hoffhake and T. Harkins of St. Paul showing a 1,204 set.

AFTER OLYMPIC GAMES

PARIS.—Baron de Coubertin, president of the Olympic games committee, has asked the French members of the committee to support the application of Amsterdam for the 1928 games in return for the expected award of the 1924 meet to France.

The international committee will hold its next official meeting at Lausanne, Switzerland, on June 2.

Reward for Promptness

In Japan when a property holder pays his taxes with promptness he is rewarded by being given free tickets in a municipal lottery.

IN THE SPORT MIRROR

BY "BANGS"

With the flags whipping and the caddies trailing along, the balmy breezes of Saturday found numerous frequenters of the La Crosse Country Club golf links back at their old tricks after the sojourn during the winter months.

Although the club rooms are not as yet open, the appearance of golfers on the links Saturday probably sets a record for "early golfing" during the years of existence of the sport in La Crosse. While the flags have been placed on the links, it was announced that the formal opening of the club rooms would not take place until April 1.

Enticed baseball players who have outlived their usefulness and are unable to support themselves following careers in the world of baseball may not have to worry about their future if the proposed plans of Wm. Wrigley, Jr., owner of the Chicago Cubs, materialize.

A proposition for the construction of a home at Catalina Island for these players will be put up to the National Commission, which organization under the plans as discussed, would be asked to set aside a certain percentage of the world's series receipts. In the event of a deficient amount from this source an effort would be made to establish at least one national benefit day in every league. It has been estimated that the receipts of such a day would total in the neighborhood of \$100,000 and with the continuance of this practice for a period of five years, the future of the institution would be insured.

The idea of building the institution was conceived as a result of the news from San Francisco that Cal McVey, held by many to be the actual founder of the National league, and who is at the present time an inmate at a San Francisco hospital, is seriously ill. Only those who have a definite number of years experience in the game and who have been recognized in professional circles, would be given admittance.

Membership "drivers" for the La Crosse Outdoor Sports Association report great success in securing the signature and fifty-cent piece from enthusiasts in the city who believe the organization to be a good thing. Not only have they found people ready and willing to subscribe for the membership, but have also incidentally taken note of the spirit in which the people are receiving the birth and growth of the organization during the comparatively few days of its existence.

That there is a permanent place for an organization of this kind in the sporting circles of La Crosse is the unanimous opinion of all those with whom the committee men have come in contact and their respective comments lead to the assurance of the success of the association.

NO VERDICT IN MATEWAN BATTLE CASE FIRST DAY

WILLIAMSON, W. Va.—After two hours and a half of deliberation the jury considering the evidence in the Matewan battle trial reported Saturday night that it had reached no verdict. The report was given to Judge R. D. Bailey at 9:15 p. m. and he ordered court adjourned until 8 o'clock Monday morning.

The Matewan battle case went to the jury at 5:05 p. m. Saturday. It has been ten months to the day since the battle occurred in the little mountain town in which ten men met death. The jury began its deliberations Saturday at about the same hour the fight started ten months ago. There are sixteen defendants.

LAW SAFEGUARDS BASEBALL

ALBANY, N. Y.—The Kavanagh-Merrigan law will safeguard baseball against fraud. John A. Heydler, president of the National league, today informed Governor Miller. Under the law enacted this week the accepting or offering of a bribe to lose a professional baseball game is a felony.

BELIEVED PRACTICING WITCHCRAFT AGED WOMAN IS KILLED

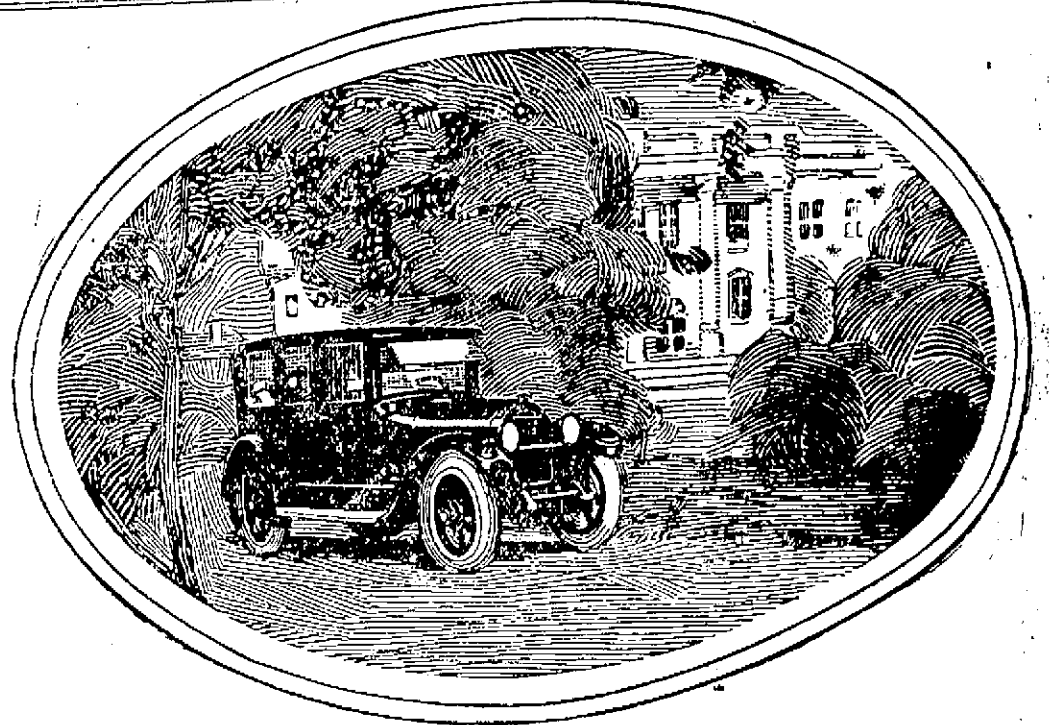

SARAGOSSA, Spain.—(By The Associated Press).—Francisca Jashorus, an old peasant woman, was murdered outside the village of Caleruo today because she was suspected of practicing witchcraft.

Two inhabitants of the village who accused the woman of casting the "evil eye" which caused the death of their lambs and illness to their families, waylaid her and killed her with eight stiletto stabs.

New Orleans has 41 miles of publicly owned harbor frontage. The world's largest asphalt refinery is at Port Neches, Texas.

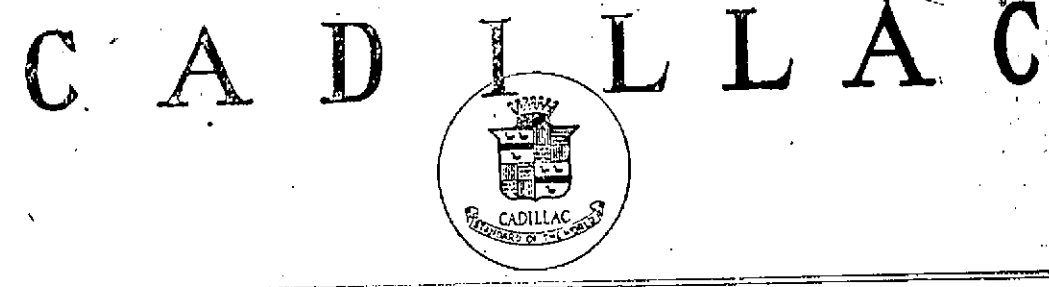

PENN STATE COPS WRESTLING MEET AT PRINCETON, N. J.

PRINCETON, N. J.—Pennsylvania State college won the intercollegiate wrestling championship here today with a total of 24 points. Cornell finished second with 15, and Princeton third with 11.

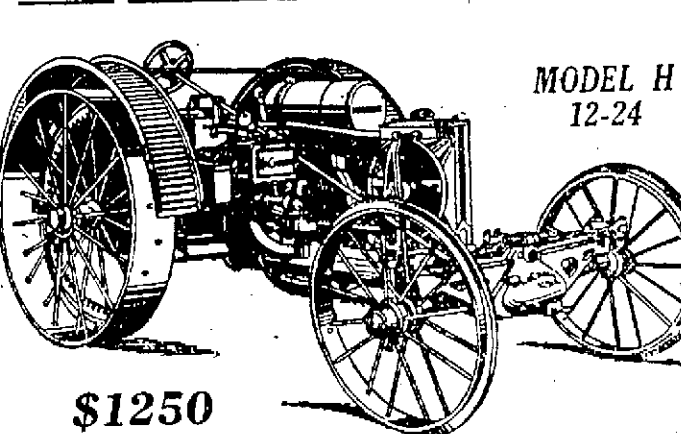

The Cadillac asks only the barest minimum of care to render back a wealth of changeless and continuous service, whether the task asked of it in a year is ten or one hundred thousand miles.

MISS E. JOHNSON BECOMES THE BRIDE OF OSCAR HANSON

Mrs. E. Laugen and Miss Marie Martin are Happily Surprised on Their Birthdays

RUSHFORD. —(Special)— Relatives and close friends recently witnessed the marriage of Miss Emma Johnson to Oscar Hanson. The guests were from Oak Ridge, southeast of Rushford. The Park Hotel was the scene of the ceremony and Rev. Finn Magnusson was the officiating clergyman. The bride was attired in a dainty gown of white silk crepe de chine, a long veil and arm-bouquet of bride's roses enhancing her beauty. Miss Alma Johnson, of Janesboro, who acted as bridesmaid, wore pale pink crepe de chine. Ben Backstad, was the groom's attendant. The ceremony was performed at two o'clock and afterwards a reception was given. A six o'clock wedding-dinner was served to the guests, covers being laid for thirty. The parlor and dining room were prettily decorated in a color scheme of pink and white, as were

also the tables. In the evening, the happy couple were surprised by one hundred and fifty young friends, who tendered them a party of silverware. The young couple will be at home to their friends in the near future upon a farm in the town of Wisnau. Among the out-of-town guests present at the wedding festivities were the Misses Alma and Emma Johnson, of Janesboro; Mr. and Mrs. I. G. Mosier, of Cedar Rapids, Ia. and Carl Johnson, of Isabel, S. D.

A short time ago, the pupils of the Tenborg school district, two miles north of this city gave a surprise party upon several of their number, the children of Mr. and Mrs. Ivor Seaton, who with their parents have now moved from the Tenborg district to the former Pierce farm up the valley.

Several birthday celebrations have recently taken place and have been spent in a jolly manner. Miss Marie, the daughter of Mr. and Mrs. Henry Martin, of Brooklyn, was surprised by the number of her school mates recently and the evening was spent in merry-making. The self-invited guests brought well-filled luncheon baskets and enjoyed the contents.

Seventeen relatives and other friends of Mrs. Edward Laugen, of Houston, Minn. went down upon the afternoon train recently and surprised

her upon her birthday. Those making up the party from Rushford were Mesdames Will Baerman, A. Lomce, H. Thompson, O. C. Berland, J. Hovde, O. Swenson, R. O. Berland, T. Grover, C. Laumb, Oscar Berland, J. O'Brien, C. Bennett, the Misses Anna O'Brien, Helen Laumb, Gertrude Berland and Messrs. George Thompson and Leslie Hovde.

The North Rushford Farmers' Club will meet next Friday evening at the home of Mr. and Mrs. Ben Jacobson. Community singing will be a feature of the program and several of the members will put on a humorous dialogue, entitled "Friday afternoon in an old-time district school."

The home of H. J. Runge was the scene recently of a group of the family's friends who met for a social evening. Games were played and a delicious lunch enjoyed. Those present were Mrs. Louise Mitchell of Minneapolis, Mr. and Mrs. C. B. Anderson, Anna Baerley, Miss Christine Mitchell and George Riegel.

Mrs. James Tenborg was hostess at a gathering at her home two miles north of Rushford, recently, when her birthday was duly celebrated by a jolly crowd of her relatives and other

friends. Mrs. Tenborg was presented with a purse of money.

Miss Rose Henningsen, of Vipevar Hill, recently celebrated her fifth birthday by a party given to a number of her little friends and neighbors.

Miss Myrtle Ebner was aided in the celebration of her birthday a few days ago by a number of her relatives who spent the time with her in games and music. Luncheon was served and the guest of honor was presented with numerous serviceable gifts.

The Senior class of the Rushford High school is endeavoring to settle the momentous question of the class-play and in a short time will commence real work upon the several parts.

The Sixth grade of the city schools spent an evening a short time ago at the Lewis Baaken home in South Rushford. Miss Alice, the daughter of the home being a pupil of that grade. The family will shortly move from this vicinity.

Chicago has one cold storage plant which will accommodate 21,000 tons of meat. March was considered the first month of the year until 1752.

SEEKING THE CRADLE OF MAN

No less than five years will be spent by the American Museum of Natural History expedition into Asia in search of the place of origin of the human race. It is called by some the "Missing-Link Expedition" because in the desert region of Central Asia it is hoped to find the earliest human remains and the fossil bones of man's ancestors in the tertiary formation which may be discovered and explored. Obviously, the only evidence of that will convince the opponents of evolution will be the discovery of a complete chain of ancestral stages, connecting man with primitive tree-dwelling ancestors, from which the indirect evidence indicates his descent and of which the living apes, monkeys and lemurs are more or less altered survivors. Only a few fragments, broken links of such a chain, have as yet been found, and their persistence to man's ancestry, rather than to some other related chain of descent, is in every instance open to more or less question.

An apple as large as the earth would have a skin twenty miles thick.

A COZY LITTLE BUNGALOW

SPRING will bring many new homes in La Crosse. Bungalows will be the fad. Let us help with the plans and give you an estimate.

C. L. Colman Lumber Co.
La Crosse, Wisconsin

Vegetables at your own price

You can have them—all you want! But you must first have a little gumption about you. The same kind of independent, pioneer spirit that your forefathers had when they made a dollar go a mile. They grew their foodstuffs—saved money and gained self respect doing it.

Don't say you can't do it. Wouldn't you combine a few hours spare time with a dollar's worth of seeds if you could get \$26.00 worth of vegetables from a 15 x 30 foot garden? It has been done. Where else can you get a profit like that?

One of the biggest parts of gardening is the smallest—GOOD SEEDS. Smallest in quantity, smallest in price (10c per paper)—but about the biggest in importance.

Common sense tells you to buy seeds that have the best reputation and that can be had without inconvenience "at the store around the corner." Don't buy by guesswork—buy by reputation.

To professional and amateur gardeners for sixty years, Ferry's pure-bred Seeds have been the standby. They are dependable—you harvest what you plant.

Why is this? Heredity. Vegetables seldom are better than the parent plants. Ferry's pure-bred Seeds are controlled for generations, selected from the best. Sixty thousand annual tests for germination alone are made on Ferry's pure-bred Seeds.

Start your garden now—and start it right. Ferry's Seed Annual will help you. Write for your free copy today. Don't delay—nature moves fast.

Ferry's pure-bred Seeds are sold everywhere "at the store around the corner."
